# Introduction/FAQs

## **What is the Survey of Services Provided?**

This survey helps us to learn about the youth served and the services provided by your Juvenile Drug Court/Reclaiming Futures program. Specifically, this survey asks questions about the youth assessed by and enrolled in the Juvenile Drug Court/Reclaiming Futures program, and the services that were provided to the youth in the Juvenile Drug Court/Reclaiming Futures program. We want to know about ALL of the youth assessed by and in the Juvenile Drug Court/Reclaiming Futures program during, not just about those youth who are also involved in your project evaluation.

## **Who will be asked to complete this survey?**

We will ask one person at each site to complete this survey.

## **How often will this survey need to be completed?**

We will ask each person to complete the survey once a month.

# Introduction/FAQs cont.

## **Do I have to answer each question?**

Yes, you will need to choose a response for each item on the survey before you can move to the next page.

## **What if I don't understand a question, or I'm not sure how to answer?**

We know that sometimes you may not know how to respond to a survey item. If this is the case, please save your survey (there are instructions in this tutorial on how to save a survey) and contact Monica Davis at [midavis@email.arizona.edu](mailto:midavis@email.arizona.edu) or 520-295-9339 ext. 211.

## **I have feedback about the survey. Who should I contact with my ideas and suggestions?**

We welcome feedback about the survey! There will be an opportunity at the end of the survey to leave feedback about any problems with the survey.

You can also help us improve this survey by sending feedback to Monica Davis at [midavis@email.arizona.edu](mailto:midavis@email.arizona.edu) or 520-295-9339 ext. 211.

Every month, we will send out email invitations to the people at your site that we would like to complete the survey. Each email will contain a link to the survey for that person for that month. Clicking on the link will open the survey on their computer.

Dear [Redacted]

As you may know, the University of Arizona's Southwest Institute for Research on Women (SIROW) is conducting an evaluation of the implementation of the Reclaiming Futures Model and the Juvenile Drug Court: Strategies in Action Model at your local Juvenile Drug Court. As part of this evaluation, we would like you to tell us about the **services provided** by your Juvenile Drug Court/Reclaiming Futures program during the past month (August) by completing a 15-20 minute online survey.

The information you provide in this survey is very important to understanding all of the efforts of your Juvenile Drug Court and its affiliated youth-serving agencies. We understand that your time is valuable. We have made this survey as brief as possible while still able to capture all of the services provided by your Juvenile Drug Court/Reclaiming Futures program.

Please take 15-20 minutes of your time during the next week to complete this important survey. We would like you to complete this survey by the 13th of this month.

Evaluation of Juvenile Drug Courts  
Survey of Services Provided

Welcome to the Survey of Services Provided! This survey asks questions about the youth served and the services provided by your Juvenile Drug Court/Reclaiming Futures program during June. Specifically, this survey asks questions about the youth assessed by and enrolled in the Juvenile Drug Court/Reclaiming Futures program, and the services that were provided to the youth in the Juvenile Drug Court/Reclaiming Futures program during June. We want to know about ALL of the youth assessed by and in the Juvenile Drug Court/Reclaiming Futures program during {UserData:MONTH}, not just about those youth who are also involved in your project evaluation. When completing this survey, please report about ALL of the youth assessed by and in the Juvenile Drug Court/Reclaiming Futures program during June.

We understand that enrollment in the program and provision of services depends on a lot of different factors. We also understand that the numbers of youth in the Juvenile Drug Court/Reclaiming Futures program and provided services varies by month. We want to capture the actual enrollment into and participation in the Juvenile Drug Court/Reclaiming Futures program and provision of services that occurs and how these change across time.

We appreciate you taking the time to tell us about the youth in your the Juvenile Drug Court/Reclaiming Futures program and the services they have received as a result of being in the Juvenile Drug Court/Reclaiming Futures program during June. This information will help us understand the youth served, the services provided, and how these change across time.

Please click on the "Next" button below to continue with the survey and to tell us about the youth served and the services provided by your Juvenile Drug Court/Reclaiming Futures program during June.

*If at any time (including now) you need to stop taking the survey and return to it later to finish, do NOT just close the survey window. If you close the survey window, you will NOT be able to get back to the survey.*

The first part of the survey asks about youth who were in the Juvenile Drug Court/Reclaiming Futures program in the past month. You will be asked:

- How many youth were enrolled (or started) the program in the past month
  - Of those enrolled, how many were new enrollments (never been enrolled in Juvenile Drug Court before) and how many had been enrolled in the program at least once before
  - How many of each of these youth received at least one service from the Juvenile Drug Court/Reclaiming Futures program in the past month
- How many youth who enrolled in (or started) the program prior to the past month continued to be in the program this past month? (For example, if your survey is about August, and you had a youth who was enrolled into the program in July and was still in the program in August).
  - How many of each of these youth received at least one service from the Juvenile Drug Court/Reclaiming Futures program in the past month

You will be skipped past questions that are not applicable based on your responses.

Example of the how these questions will look in the actual survey:

Asked only the number of new enrollees who received at least 1 service during the past month as a result of being in the Juvenile Drug Court/Reclaiming Futures program.

The next section of the survey asks about referrals to the Juvenile Drug Court/Reclaiming Futures program in the past month. You will be asked:

- How many youth were referred to the Juvenile Drug Court/Reclaiming Futures program during the past month?
  - How many of these youth were referred by the Juvenile Justice System?
    - Out of those referred by the Juvenile Justice System, how many met the criteria for enrollment into the program?
  - Who referred the youth not referred by the Juvenile Justice System?
    - Out of those referred by these other agencies or individuals , how many met the criteria for enrollment into the program?
    - Out of all of the referred youth who met the criteria, how many actually enrolled into the program in the past month?
    - If there were any youth who met the enrollment criteria but didn't enroll in the past month, what were the reasons that they did not enroll?

You will be skipped past questions that are not applicable based on your responses.

The next part of the survey asks about the average number of days between different steps in the Juvenile Drug Court/Reclaiming Futures referral and enrollment process.

You will be asked:

- During the past month, the average number of days between initial screening/referral and the date the Juvenile Drug Court/Reclaiming Futures assessment was completed?
- During the past month, the average number of days between the Juvenile Drug Court/Reclaiming Futures assessment and service coordination/actual enrollment into the Juvenile Drug Court/Reclaiming Futures program?
- During the past month, the average number of days between service coordination/enrollment into the Juvenile Drug Court/Reclaiming Futures program and the date of the 1<sup>st</sup> substance abuse treatment session the youth received as a result of being in the Juvenile Drug Court/Reclaiming Futures program?

You will be skipped past questions that are not applicable based on your responses.

The next section of the survey asks about the demographic information of all the youth who received at least one service in the past month as a result of being in the Juvenile Drug Court/Reclaiming Futures program. You will be asked about the following characteristics of the youth:

- Gender
- Ethnicity
- Race
- Age

If you reported that no youth received services during the past month as a result of being in the Juvenile Drug Court/Reclaiming Futures program, you will be skipped past these and all other questions about the youth who received services.

## Example of the gender questions from the demographics section:

You had reported that in August, there were 7 new enrollees in, 3 repeat enrollees in, and 5 youth who enrolled prior to August into the Juvenile Drug Court/Reclaiming Futures program who received at least one service during August. So, during August, there was a total of 15 youth who have received at least 1 service during August as a result of being in the Juvenile Drug Court/Reclaiming Futures program.

Please provide the following information about all of the 15 youth who have received at least 1 service during August as a result of being in the Juvenile Drug Court/Reclaiming Futures program.

The total number of youth reported in these questions should sum up to the total number of youth that you had reported to have received at least 1 service this past month as a result of being in the Juvenile Drug Court/Reclaiming Futures program (those who enrolled this past month and those who enrolled prior to this past month who were still in the program this past month).

Example of message if the total number of youth listed in each section of the demographics questions (e.g., the gender questions) do not sum to the total number of youth reported as having received at least 1 service during the past month:

Evaluation of Juvenile Drug Courts

You are automatically sent to the next applicable survey question(s).

Then you will be asked about the sources of funding for the substance abuse treatment of the youth who received at least 1 service during the past month. You will be asked how many youth's treatment was funded by each source:

Please provide the following information about all of the **14** youth who have **received at least 1 service** during **June** as a result of being enrolled in the Juvenile Drug Court/Reclaiming Futures program.

**Total number of these 14 youth whose substance abuse treatment was funded/paid for by:**

We understand that a single youth's substance abuse treatment might be paid for by multiple sources. For each funding source, please report the total number of youth whose substance abuse treatment was paid for in full or in part by that funding source. So, for example, if one youth's treatment was funded by state AND grant funds while another youth's treatment was paid for solely by state funds, the number of youth whose treatment was paid for by state funds would be 2 and the number of youth whose treatment was paid for by grant funds would be 1.

If a youth's treatment was paid for by multiple sources, please include the youth in all applicable funding categories. So, your total here can be more than the total number of youth who had received at least 1 service during the past month.

If you reported that no youth received services during the past month as a result of being in the Juvenile Drug Court/Reclaiming Futures program, you will be skipped past these questions.

The next survey pages will ask you about services provided by the Juvenile Drug Court/Reclaiming Futures program during the past month. You will be asked:

- What types of services were provided as a result of the Juvenile Drug Court/Reclaiming Futures program
  - Who received the service: Youth? Parents/Caregivers? Other Family/Support?
  - How many times (across all individuals) was the service provided in the past month?
  - More specific detail about the service? (Asked of general categories of services provided such as Mentoring Services.)

You will be skipped past questions that are not applicable based on your responses.
